Facilities Committee Survey

Curling Rink Reno Project

The mission of the Facilities Committee is to help with the operation of the Rink and Civic Centre on behalf of the Village Council, and make recommendations to Council that we believe will make the most of what we have to offer and improve these same facilities for the benefit of the community as a whole.

The Facilities Committee first introduced the idea of a renovation project for our curling ice surface at the Ratepayer's Meeting in October. As we have all had some time to consider this project, we invite your thoughts and ideas now.

Are you in favour of a renovation project to the curling ice surface area?

YES NO

Possible ideas for the use have been:

- a women's/seniors fitness area which could be home to the fitness equipment the Service Club purchased from the Women's Fitness Centre
- an area that would be home to an Elbow 'Sports Hall of Fame'
- an indoor walking surface
- Senior's walk-in centre (pool table? Crafting? Woodworking?)

We would like your thoughts, ideas, and concerns about this possible renovation project. Comments on sources of funding would also be appreciated. (please use reverse side if needed)
