

My name is Lynden Lepage, most of you who are reading this know me or know of me. A brief introduction to those who don't, I was born November 8, 1988 in Saskatoon. I was raised my entire life in Outlook, every summer for my entire life my family would spend two months at the cottage in Mistusinne. I have currently lived in our area for 4 ½ years two of which in Mistusinne and the rest in Elbow. For these 4 ½ years I have run my business Lepage Contracting LTD which I have built from the ground up. I was elected to the Village of Elbow council October 24, 2012 and have for the most part felt an asset to that seat. In the following paragraphs I will mention some of the reasons why I have decided to run, and then mention some of the reasons why you a voter should consider checking my name on the ballot.

The main reason that I have decided to run for Mayor, I am already on council and I believe that this is a learning opportunity that may serve as a great prerequisite in my future endeavors. My existence within Elbow and our surrounding communities has shown me that Elbow is a progressive Village. I have been through many experiences in my lifetime both good and bad, these experiences are what have allowed me to establish a successful business.

The main reason that you a voter might check my name; I am an honest hard driven person who knows the value of a dollar. I have a great ability to solve problems, to work under pressure and to take criticism whether bad or good. I am not afraid of conflict, I value everyones opinions as this is something that I have to deal with everyday in my business. I believe that conflict is a good thing, so long as there are positive resolutions. When issues need addressing I will let nothing deter me from finding the solution. I am a team builder and will respect all decisions made by our council.

As a conclusion, if I am elected I would be committed as your Mayor. I would like now to express my gratitude towards the community of Elbow who have the most humbling people. It is without question, the people who have opened their arms to me from the day I moved here have kept me here. We are so lucky to live in such a warm and welcoming environment and as Mayor I can assure that I will contribute to make this a great place in which to live.

Lynden Lepage
